Company Overview

Auro Group is a privately incorporated company (CIN: U15490BR2019PTC044155), established on November 19, 2019 and registered at the Registrar of Companies, Patna, with an authorized capital of INR 20 crore. Under our brand Mirrambika, we bridge the gap between traditional farming and modern industrial precision - from the heart of Bihar's maize belt.

At Auro Group, our dedication to excellence propels innovative products to global markets. By integrating cutting-edge Buhler (Swiss) technology, sustainable practices and meticulous quality control, we manufacture world-class animal feed and premium corn products for farmers and industry alike.

Our Story

FY18 - 2019 | HUMBLE BEGINNINGS

Started with maize trading from FY18, building a robust supply chain directly from Bihar's farmers - India's top maize producing belt. This foundation enabled backward integration into processing.

2019 - 2023 | GROWTH MILESTONES

Incorporated on November 19, 2019 as a private limited company in Patna. Built North/East India's largest 10 TPH fish feed plant and achieved FSSAI, FSSC 22000 v6.0 and ZED Gold certifications. Authorized capital of INR 20 crore; 300+ Cr turnover; 150+ team members.

ONGOING EXPANSION | FUTURE PLANS & WAREHOUSING

Major expansion underway - a 300 MT/day flour milling unit and a corn-starch manufacturing facility (700 TPD), complemented by a 5 MW captive power plant. Two Grade-A warehouses (156,000 + 132,000 sqft; 52,000 MT capacity) optimise distribution across India and beyond.

Our Divisions

FEED DIVISION

High-performance floating & sinking fish feed and dairy cattle feed - engineered on world-class Buhler technology for growth, health and better feed-conversion ratios (FCR).

FOOD DIVISION

Precision-milled maize grits, corn flour and rice ingredients milled to exacting standards for food, bakery and industrial use - 100% Bihar-grown maize with full traceability.

Manufacturing Capacity

Line	Capacity	Unit
Maize Milling	120	MT / day

Line	Capacity	Unit
Rice Milling	80	MT / day
Aqua Feed	150	MT / day
Cattle Feed	100	MT / day

Mission & Vision

OUR MISSION

To empower farmers and industries by delivering high-performance animal feed and premium corn products - combining the natural richness of the Bihar maize belt with advanced European manufacturing standards, ensuring "Quality at the Right Cost."

OUR VISION

To be the most trusted name in global agro-processing by revolutionizing the feed and food industry through Swiss-precision technology, ensuring every farm in India has access to world-class nutrition.

Certifications & Compliance

- **ZED Gold** - Zero-defect, zero-effect manufacturing and environmental sustainability.
- **FSSC 22000 v6** - Comprehensive food & feed safety management systems.
- **ISO 9001:2015** - World-class, audited quality management and consistent production.
- **HACCP Certified** - Preventative hazard analysis at every production stage.
- **FSSAI Registered** - Licensed to India's national food-safety standards.
